

Install Engineer - Coleshill

3/25/2025

Due to continued growth and high demand for its services, the company is now seeking to recruit a suitable candidate to join the installation team in Coleshill.

record uk is the UK subsidiary of the Assa Abloy Group who is among the world market leaders of automatic pedestrian door systems. The group manufactures and distributes door systems to over 40 countries worldwide.

We design, manufacture, supply, install and service automated door systems and aluminium shop-fronts throughout the UK to a wide range of organisations and clients.

Job Description

This is an excellent opportunity for an Automatic Door/Shopfront Installation Engineers to join a well-established market leader supplying a service to the commercial and industrial markets.

After a period of training on our product range you will be expected to have knowledge of installing automatic door systems and aluminium shopfronts working with a team or independently.

You will be required to work on the installation of automatic door systems and aluminium shopfronts.

Working from the Farnborough hub you would be expected to travel across the surrounding area, working as part of a team but also undertaking work individually.

You would liaise with a Senior Project Manager and Installation Planner on a daily basis for the scheduling of work and will be expected to provide completed paperwork daily.

You will visit customer's premises and active construction sites to carry out installation projects on a variety of Record automatic door products and shopfronts.

Essential Criteria

- A full clean driving licence.
- Experience in the installation of automatic doors and aluminium shopfronts
- Good organisational & communication skills.
- Excellent customer service skills.
- The ability to work individually and as part of a team.
- The ability to work under pressure and to meet deadlines.
- BS7036 / EN16005 registered.
- CSCS card
- A disclosure check will be undertaken.
